

BIGGS HOMEPAGE SEO + CONVERSION BLUEPRINT

Recommended homepage section order, SEO purpose, conversion value, and implementation notes

Prepared for Biggs HVAC, Plumbing & Electrical

This document combines a quick homepage blueprint table with a detailed implementation breakdown. It is designed for a local, multi-trade home services company focused on organic visibility, local trust, and lead generation.

Executive Summary

- The homepage should quickly confirm what Biggs does, where Biggs serves, why customers can trust the company, and how to take action.
- The strongest structure is: Hero, Trust, Services, Service Area, Why Choose Biggs, Reviews, Membership/Maintenance, Fast Response CTA, About, Specials, Resources, FAQs, Final CTA, Footer.
- The homepage should act as a hub that links visitors and search engines to dedicated service pages and service-area pages.

Option 1: Homepage Blueprint Table

Use this table as the high-level page plan. The order follows the decision path of a local homeowner: confirm service, confirm location, evaluate trust, then call or schedule.

Order	Section	Purpose	SEO Value	Conversion Value
1	Header / Navigation	Make calling, service discovery, and navigation easy.	Clarifies site structure and supports crawlable service navigation.	Keeps Call Now and core services visible at all times.
2	Hero	State the primary value proposition immediately.	Introduces primary service and local relevance signals.	Captures high-intent visitors with strong CTAs.
3	Floating Trust Bar	Reduce hesitation before the user scrolls.	Supports experience and trust signals.	Shows credibility: family-owned, since 1996, rating, reliable service.
4	Core Services Grid	Guide users to the right service category.	Links to dedicated service pages for topical depth.	Helps visitors self-select the service they need.
5	Service Area	Confirm geographic fit.	Supports Raleigh metro/Triangle and city-specific relevance.	Reassures users Biggs serves their town or nearby area.
6	Why Choose Biggs?	Explain why Biggs is the better choice.	Adds original brand trust and helpful differentiators.	Converts comparison shoppers.
7	Reviews / Reputation	Show third-party proof.	Supports local trust and reputation signals.	Builds confidence before contact.
8	Priority Service Agreement	Promote recurring maintenance value.	Adds service-depth content around maintenance.	Creates higher lifetime-value leads.
9	Fast Response CTA	Address urgent service intent.	Supports emergency/urgent service language where accurate.	Pushes phone calls from immediate-need visitors.
10	About Biggs Preview	Humanize the company.	Supports E-E-A-T with	Builds trust with

			local history and experience.	homeowners.
11	Specials / Financing	Highlight offers and large-ticket help.	Can support seasonal and offer-based searches.	Reduces cost objections.
12	Helpful Resources	Link to educational content.	Supports informational SEO and internal linking.	Keeps research-stage visitors engaged.
13	FAQs	Answer common objections and long-tail questions.	Can support FAQ visibility when implemented correctly.	Reduces friction before a call.
14	Final CTA	Give one clear final action.	Reinforces service and local relevance.	Captures bottom-of-page visitors.
15	Footer	Provide complete business info and deep links.	Supports crawlability, NAP consistency, and structured data context.	Gives visitors contact, service, and location options.

Option 5: Detailed Section-by-Section Implementation Plan

Use this section as the implementation guide when writing copy, designing sections, or turning each part into Tailwind/HTML components.

1. Header / Navigation

Recommended Placement	Top of page, sticky or fixed
Purpose	Help users call, browse services, and understand the site quickly.
SEO Goal	Clear crawl path to service pages and major site sections.
Recommended Content	Call Now button, logo, HVAC, Plumbing, Electrical, Septic, Service Area, About, Reviews, Contact.
Design Notes	Use the current Biggs header pattern. Keep the phone CTA prominent on desktop and mobile.
CTA	Call Now
Internal Links	Primary service pages, service area, contact page.

2. Hero Section

Recommended Placement	Above the fold
Purpose	State the main promise: one team for total home services.
SEO Goal	Introduce core services and Raleigh/Triangle relevance naturally.
Recommended Content	One Call. Total Home Services. Supporting copy, service icons, CTAs, truck/home visual.
Design Notes	Continue current dark navy hero with geometric accents and truck image.
CTA	Call Now / Our Services
Internal Links	Services grid anchor and phone link.

3. Floating Trust Bar

Recommended Placement	Immediately below hero
Purpose	Build instant confidence.
SEO Goal	Supports trust, experience, and local credibility.
Recommended Content	Family-Owned & Operated, Fast Reliable Service, 5-Star Customer Rating, Trusted Since 1996.
Design Notes	Use the current dark navy feature bar with colored icon circles.
CTA	None or subtle link to reviews/about
Internal Links	Reviews or About page if needed.

4. Core Services Grid

Recommended Placement	After trust bar
-----------------------	-----------------

Purpose	Let visitors quickly find the service they need.
SEO Goal	Strong internal links to service pages; supports topical authority.
Recommended Content	Heating, Air Conditioning, Plumbing, Water Filtration, Water Heaters, Drain Cleaning, Electrical, Septic Services.
Design Notes	Keep white cards, colored icon badges, arrow affordance, equal-height grid.
CTA	View All Services
Internal Links	Each card should link to its corresponding service page.

5. Service Area Section

Recommended Placement	After services grid
Purpose	Confirm whether Biggs serves the visitor's area.
SEO Goal	Local relevance for Raleigh metro, Triangle, Wake/Johnston communities, and city names.
Recommended Content	Map image, 30-40 mile radius language, city chips, "Don't see your town listed?" CTA.
Design Notes	Use the approved design: white main area with Biggs navy city-list panel and yellow top border.
CTA	Call for Details
Internal Links	Future links to city service-area landing pages.

6. Why Choose Biggs?

Recommended Placement	After service area
Purpose	Explain what makes Biggs different.
SEO Goal	Adds unique, helpful brand content and trust signals.
Recommended Content	Local experience, multi-trade convenience, family-owned values, licensed/insured, upfront communication.
Design Notes	Use a split layout: headline/copy on left, benefit cards on right.
CTA	Call Biggs Today
Internal Links	About page, reviews page, contact page.

7. Reviews / Reputation

Recommended Placement	After Why Choose Biggs
Purpose	Validate claims with customer proof.
SEO Goal	Supports trust and local reputation signals.
Recommended Content	Google rating visual, review snippets, review platform labels, link to more reviews.
Design Notes	Use white or soft-blue background with review cards and quote styling.
CTA	Read More Reviews / Call Now

Internal Links	Reviews page or Google review profile.
----------------	--

8. Priority Service Agreement

Recommended Placement	Mid-page after reviews
Purpose	Promote maintenance and recurring customer value.
SEO Goal	Adds maintenance and membership content depth.
Recommended Content	Priority scheduling, repair savings, waived diagnostic fees if applicable, seasonal maintenance.
Design Notes	Use a branded card or comparison-style plan preview.
CTA	Ask About Priority Service
Internal Links	Membership/PSA page.

9. Fast Response CTA

Recommended Placement	After PSA or before About
Purpose	Capture urgent service intent.
SEO Goal	Supports urgent-service language where accurate.
Recommended Content	Need help fast? No AC, no heat, plumbing issue, electrical concern, septic problem.
Design Notes	Use dark navy CTA strip with phone button and service icons.
CTA	Call Now
Internal Links	Phone link and contact page.

10. About Biggs Preview

Recommended Placement	After CTAs/trust content
Purpose	Tell the local company story.
SEO Goal	Supports experience and local business clarity.
Recommended Content	Family-owned, Raleigh-area service, since 1996, slogan, team/truck image.
Design Notes	Keep concise and link to full About page.
CTA	Learn More About Biggs
Internal Links	About page.

11. Specials / Financing

Recommended Placement	Lower mid-page
Purpose	Address price objections and seasonal offers.
SEO Goal	Can support offer and seasonal searches.
Recommended Content	Monthly specials, financing if available, equipment offers, maintenance promos.

Design Notes	Design as a featured promo band or 2-card layout.
CTA	View Current Specials
Internal Links	Specials page, financing page.

12. Helpful Resources

Recommended Placement	Near bottom
Purpose	Serve research-stage homeowners.
SEO Goal	Internal links to helpful content and informational keywords.
Recommended Content	3 recent seasonal guides or blog posts.
Design Notes	Card layout with category labels and short summaries.
CTA	View Resources
Internal Links	Blog/resource pages.

13. FAQ Section

Recommended Placement	Near bottom before final CTA
Purpose	Answer common questions and remove friction.
SEO Goal	Supports long-tail questions and FAQ schema when implemented correctly.
Recommended Content	Areas served, services offered, scheduling, maintenance plans, licensing/insurance, towns not listed.
Design Notes	Use accordion or clean stacked Q&A. Keep answers short.
CTA	Call for Details
Internal Links	Service area, contact, membership pages.

14. Final CTA

Recommended Placement	Before footer
Purpose	Give visitors a final clear next step.
SEO Goal	Reinforces local service and core offerings.
Recommended Content	Ready to schedule? Call Biggs today. Mention Raleigh/Triangle service area.
Design Notes	Dark navy or yellow-accent CTA block.
CTA	Call Now / Schedule Service
Internal Links	Phone link and contact form.

15. Footer

Recommended Placement	Bottom of page
Purpose	Provide full business and navigation details.
SEO Goal	Supports NAP consistency, crawl paths, and structured data

	context.
Recommended Content	Business name, phone, address, hours, services, service areas, social links, legal links.
Design Notes	Keep organized with columns and clear service/location links.
CTA	Call Now
Internal Links	All important service/location pages.

Homepage SEO + Conversion Checklist

On-page SEO: One clear H1; keyword-focused title tag; meta description; descriptive H2s; optimized image alt text.

Local SEO: Mention Raleigh metro/Triangle naturally; list core service towns; include office/base location; add service area reassurance.

Internal Linking: Link service cards to dedicated service pages; link service-area towns to future city pages; link reviews, about, membership, specials.

Trust Signals: Show since 1996, family-owned, review/rating proof, licensed/insured where accurate, and clear contact information.

Conversion: Use click-to-call above the fold, after services, after service area, near fast-response section, and in final CTA.

Structured Data: Use LocalBusiness schema; use FAQ schema only for visible FAQs; validate schema before launch.

Performance: Use compressed images, responsive image sizes, lazy-loading below-the-fold media, and clean semantic HTML.

Mobile UX: Stack sections cleanly; keep CTAs thumb-friendly; ensure city chips and service cards are easy to tap.

Recommended Biggs Homepage Order

Header → Hero → Floating Trust Bar → Core Services Grid → Service Area → Why Choose Biggs → Reviews → Priority Service Agreement → Fast Response CTA → About Biggs → Specials → Helpful Resources → FAQs → Final CTA → Footer
